

ENEL700 Tutorial 1

1. List five types of media used for communication, and state which three are the most commonly used.
2. What piece of equipment acquires a signal from a communication medium and recovers the original information signal?
3. What is a baseband signal? And a broadband (passband) signal?
4. What is the term used to describe two-way communication in which each party takes turns transmitting? Give three examples?
5. In what segment of the spectrum do TV channels 2 to 13, and FM broadcasting, appear?
