

ENEL700 Tutorial 7

1. Explain the difference between FSK and FM (similarly for ASK vs AM, PSK vs. PM)
2. Draw the constellation diagram of 8-QAM.
3. Refer to slide 223 of lecture 7, explain the advantage and disadvantage of QPSK as compared to BPSK?
4. What is main difference between frequency hopping spread spectrum and direct sequence spread spectrum?
5. Explain how orthogonal frequency division multiplexing (OFDM) works.
